FIRE RESTORATION

SITUATION:

- In November 2022, a devastating fire severely damaged Truth Organic Spa in North Grafton, MA, forcing its closure. Truth partnered with Glickman Kovago & Jacobs Construction to restore the spa while preserving its commitment to sustainability and tranquility.

CHALLENGES:

- **Comprehensive Restoration:** Repairing extensive fire, smoke, and water damage.
- **Sustainable Rebuild:** Preserving the spa's eco-friendly values and serene atmosphere.
- **Efficient Timeline:** Minimizing business disruption.
- **Collaborative Design:** Aligning the restoration with the owner's vision + growth initiatives, using insurance funds.

FIRE RESTORATION

OUR APPROACH:

- **Assessment & Planning:** Evaluated damage and developed a restoration plan tailored to the spa's unique needs, factoring in growth goals and insurance.
- **Sustainable Rebuild:** Used eco-friendly materials and installed energy-efficient systems.
- **Safety Enhancements:** Upgraded fire safety systems and reinforced structural elements.
- **Client-Centered Design:** Recreated the spa's calming aesthetic with natural elements and eco-friendly fixtures.
- **Timely Execution:** Streamlined construction to reopen the spa quickly.

FIRE RESTORATION

TESTIMONIAL

"After our facility's unexpected and devastating structural fire in 2022, we had to find the right company to rebuild our 102-year-old building which suffered from smoke, fire and water damage. After much research, we landed on Glickman Kovago & Jacobs Construction and cannot thank them enough for their incredible work in helping us rebuild.

Their team has been professional, responsive, and dedicated every step of the way. Watching the restoration progress has been amazing, and we're so excited to reopen stronger than ever. Highly recommend their expertise and commitment to quality!"
